

Primary Source

Manski, C., *Partial Identification of Probability Distributions*, Springer-Verlag, 2003.

Session 1: Missing Outcomes

Chapters 1 (Missing Outcomes) and 2 (Instrumental Variables)

Session 2: Conditional Prediction with Missing Data

Chapter 3 (Conditional Prediction with Missing Data)

Session 3: Mixture Problems

Chapters 4 (Contaminated Outcomes) and 5 (Regressions, Short and Long)

Session 4: Analysis of Treatment Response

Chapter 7 (Analysis of Treatment Response)

Session 5: Monotone Treatment Response, Monotone Instrumental Variables

Chapters 8 (Monotone Treatment Response) and 9 (Monotone Instrumental Variables)

Session 6: Capsule Coverage of Other Topics

Chapters 10 (The Mixing Problem) and 6 (Response-Based Sampling)
