

**A cemmap course in
New Developments in Econometrics**

Tutors: Guido Imbens (Harvard) and Jeffrey Wooldridge (Michigan State)

16 – 18 June 2009, Institute of Child Health (London)

Programme

Day one: Tuesday 16 June

9.00-9.30 Registration and coffee

9.30-10.30 Program Evaluation I

10.30-10.45 Short break

10.45-11.45 Program Evaluation II

11.45-12.15 Coffee break

12.15-13.15 Linear Panel Data, I

13.15-14.00 Lunch

14.00-15.00 Linear Panel Data, II

15.00-15.15 Short break

15.15-16.15 Instrumental Variables

16.15-16.45 Coffee break

16.45-17.45 Nonlinear Panel Data

Day two: Wednesday 17 June

- 9.00-9.30 Coffee
- 9.30-10.30 Cluster Sampling
- 10.30-10.45 Short break
- 10.45:11.45 Discrete Choice
- 11.45-12.15 Coffee break
- 12.15-13.15 Stratified Sampling
- 13.15-14.00 Lunch
- 14.00-15.00 Partial Identification
- 15.00-15.15 Short break
- 15.15-16.15 Difference-in-Differences
- 16.15-16.45 Coffee break
- 16.45-17.45 Regression Discontinuity

Day three: Thursday 18 June

- 9.00-9.30 Coffee
- 9.30-10.30 Bayesian Methods
- 10.30-10.45 Short break
- 10.45:11.45 Control Functions
- 11.45-12.15 Coffee break
- 12.15-13.15 Weak and Many Instruments
- 13.15-14.00 Lunch
- 14.00-15.00 Quantile Regression
- 15.00-15.15 Short break
- 15.15-16.15 GMM & Empirical Likelihood
- 16.15-16.45 Coffee break
- 16.45-17.45 Missing Data

An ESRC Research Centre
